

BLACK HAWK COUNTY YOUTH SHELTER

Wish List – 2009-2010

The following is a list of items needed/wanted by the Black Hawk County Youth Shelter. Each year we serve well over one-hundred youth, providing a lifeline to each and every child that we serve. Each year our numbers rise, and the length of stay becomes greater.

Now, like you we face an uncertain financial future. After over 11 years of devotion to the Black Hawk County Youth Shelter's mission, I have no doubt that kids will continue to need us. I am painfully aware of the financial stresses that we are experiencing. Please know that we value each and every contribution towards emergency shelter and care for the kids who walk into our shelter, sometimes frightened, sometimes defiant, and ALWAYS needy.

I would like to thank those who have donated in the past and encourage those who can to donate in the future.
